

Geography is currently the only science capable of integrating natural and human sciences in the knowledge of our natural environment and of the Earth's surface in general.

A.N. Antipov

**Geographical Foundations and Ecological Principles of the Regional Policy
of Nature Management**

*International Scientific and Practical Conference in commemoration of Corr. Mem., RAS,
A.N. Antipov*

September 23–27, 2019

Irkutsk

FIRST ANNOUNCEMENT

Matrosov Institute for System Dynamics and Control Theory SB RAS

Irkutsk State University

Irkutsk Regional Branch of RGS

ИРКУТСКОЕ ОБЛАСТНОЕ ОТДЕЛЕНИЕ

JSC Gazprom Dobycha Irkutsk

The conference is dedicated to the memory of an outstanding Russian geographer and hydrologist, Corresponding Member of RAS, Alexander Nikolaevich Antipov (1949-2009), the former director of V.B. Sochava Institute of Geography SB RAS, who made a significant contribution to landscape hydrology and landscape planning.

A.N. Antipov comprehensively developed further and enriched V.G. Glushkov's and A.I. Subbotin's geographical-hydrological developments with the ideas concerning the landscape-hydrological organization of a territory, with the substantiation of the hydrological functions of landscapes, and with principles of basin management thus creating the Siberian scientific school of landscape hydrology.

A.N. Antipov is the founder of the Russian school of landscape planning, with its practical implementation in projects of territorial development of regions of the Russian Federation and countries of the South Caucasus, Kazakhstan and Ukraine.

A.N. Antipov was in charge of the development of the concept implying an ecological accompaniment of large economic projects which was implemented in various regions of Asian Russia and, more specifically, during development of the Kovykta gas condensate field in Irkutsk oblast, and during the construction the "East Siberia – Pacific Ocean oil pipeline"; the Atlas entitled "Irkutsk Region: Ecological Conditions of Development" was prepared and published; it has no parallel in atlas mapping at the regional level; a number of other large cartographic products were created, and the principles of theoretical and methodological modernization of geographical science were developed with a focus on the creation of the system of geographical and ecological assessments of a territory.

The conference will highlight the main stages and results of A.N. Antipov's scientific activity and present a further development of his ideas in the light of the current directions of geography and ecological nature management.

It is proposed to consider at the conference the present status and the main problems of landscape hydrology; integral and interdisciplinary approaches to the study of the natural and socio-economic environment, and the principles and methods of minimizing the negative anthropogenic impact on geosystems. The conference will provide panel discussions on the exchange of experience and discussions on prospects (putting forward new ideas) of territorial-planning application missions and mechanisms for the ecological substantiation of territorial development and economic activities. Within the framework of the session meetings and round tables, it is intended to discuss the tendencies and prospects of a further development of territorial planning in Russia, and the approaches and methods of natural-resource management under climate change and anthropogenic load.

The Scientific Committee

Chairs:

Igor Nikolaevich Vladimirov, Cand. Sci. (Geogr.), Director, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Viktor Maksimovich Plyusnin, Dr. Sci. (Geogr.), Scientific Director, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Co-Chairs:

Yuri Mikhailovich Semenov, Dr. Sci. (Geogr.), Professor, Principal Researcher, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Leonid Markusovich Korytny, Dr. Sci. (Geogr.), Professor, Principal Researcher, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Deputy Chairs:

Andrei Anatolyevich Sorokovoi, Cand. Sci. (Geogr.), Deputy Director for Research, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Valery Vladimirovich Kravchenko, Cand. Sci. (Geogr.), Leading Researcher, Laboratory of Hydrology and Climatology, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Scientific Committee Members:

Valery Gennadyevich Babin, Cand. Sci. (Hist.), Rector, Gorno-Altai State University, Gorno-Altai, Russia

Igor Vyacheslavovich Bychkov, Academician of RAS, Director, Matrosov Institute for System Dynamics and Control Theory SB RAS, Scientific Director, Irkutsk Scientific Center SB RAS, Irkutsk, Russia

Yuri Ivanovich Vinokurov, Dr. Sci. (Geogr.), Professor, Principal Researcher, Institute for Water and Environmental Problems SB RAS, Barnaul, Russia

Kirill Sergeevich Ganzei, Cand. Sci. (Geogr.), Deputy Director, Pacific Institute of Geography FEB RAS, Vladivostok, Russia

Battogtokh Dorjgotov, Dr. Sci., Director, Institute of Geography and Geoecology, Mongolian Academy of Sciences, Ulaanbaatar, Mongolia

Soucheng Dong, Leading Professor, Leading Scientist, in charge of the state key project of multi-disciplinary Scientific Expedition of the Russia–Mongolia–China international economic corridor, Executive Chairman and Secretary General of the International Scientists Union of the Belt and Road Initiative, Institute of Geographic Sciences and Natural Resources Research CAS, Beijing, Russia

Viktor Vasilyevich Ermoshin, Cand. Sci. (Geogr.), Director, Pacific Institute of Geography FEB RAS, Vladivostok, Russia

Vladimir Mikhailovich Kotlyakov, Academician of RAS, Scientific Director, Institute of Geography RAS, Moscow, Russia

Bella Aleksandrovna Krasnoyarova, Dr. Sci. (Geogr.), Professor, Head of the Laboratory of Landscape-Water-Ecological Research and Nature Management, Institute for Water and Environmental Problems SB RAS, Barnaul, Russia

Ramiz Makhmud ogly Mamedov, Dr. Sci. (Techn.), Professor, Academician of ANAS, Director, Academician G. Aliev Institute of Geography ANAS, Baku, Azerbaijan

Alexander Valeryevich Merzlov, Dr. Sci. (Geogr.), Professor, Director, Center for Sustainable Development of Territories, Russian Agrarian University –Moscow Timiryazev Agricultural Academy (MTAA), Moscow, Russia

Alexander Vasilyevich Puzanov, Dr. Sci. (Biol.), Professor, Director, Institute for Water and Environmental Problems SB RAS, Barnaul, Russia

Olga Nikolaevna Solomina, Corr. Mem., RAS, Director, Institute of Geography RAS, Moscow, Russia
Natalia Mikhailovna Sysoeva, Dr. Sci. (Geogr.), Principal Researcher, Head of the Department of Regional Economic and Social Problems, Irkutsk Scientific Center SB RAS, Russia

Arkady Alexandrovich Tishkov, Corr. Mem., RAS, Deputy Director for Research, Institute of Geography RAS, Moscow, Russia

Arnold Kirillovich Tulokhonov, Academician of RAS, Scientific Director, Baikal Institute of Nature Management SB RAS, Ulan-Ude, Russia

Alexander Vladimirovich Khoroshev, Dr. Sci. (Geogr.), Associate Professor, Sub-faculty of Physical Geography and Landscape Science, Moscow Lomonosov State University, Moscow, Russia

Kirill Valentinovich Chistyakov, Dr. Sci. (Geogr.), Director, Institute of Earth Sciences, St. Petersburg State University, St. Petersburg, Russia

The Organizing Committee

Chair:

Igor Nikolaevich Vladimirov, Cand. Sci. (Geogr.), Director, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Deputy Chair:

Natalia Vladimirovna Emelyanova, Cand. Sci. (Geogr.), Scientific Secretary, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Chief Scientific Secretary of the Conference:

Olga Vladimirovna Gagarinova, Cand. Sci. (Geogr.), Head of the Laboratory of Hydrology and Climatology, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Scientific Secretary of the Conference:

Oksana Valeryevna Vasilenko, Cand. Sci. (Geogr.), Researcher of the Laboratory of Hydrology and Climatology, V.B. Sochava Institute of Geography SB RAS, Irkutsk, Russia

Organizing Committee Members:

Irina Yuryevna Amosova, First Category Engineer, Laboratory of Hydrology and Climatology

Anna Sergeevna Balybina, Cand. Sci. (Geogr.), Researcher, Laboratory of Hydrology and Climatology

Ivan Valeryevich Balyazin, Cand. Sci. (Geogr.), Researcher, Laboratory of Physical Geography and Biogeography

Irina Nikolaevna Bilichenko, Cand. Sci. (Geogr.), Senior Researcher, Laboratory of Physical Geography and Biogeography

Gerelma Banzarovna Dugarova, Cand. Sci. (Geogr.), Senior Researcher, Laboratory of Economic and Social Geography

Inna Nikolaevna Zlydneva, Chief Specialist, International Department

Egor Nikolaevich Ivanov, Cand. Sci. (Geogr.), Researcher, Laboratory of Geomorphology

Natalia Vitalyevna Kichigina, Cand. Sci. (Geogr.), Senior Researcher, Laboratory of Hydrology and Climatology

Anastasia Viktorovna Myadzelets, Cand. Sci. (Geogr.), Senior Researcher, Laboratory of Theoretical Geography

Vasily Nikolaevich Nogovitsyn, First Category Engineer, Laboratory of Theoretical Geography

Oksana Ivanovna Romanova, Leading Engineer, Laboratory of Economic and Social Geography

Anton Vladimirovich Silaev, Cand. Sci. (Geogr.), Researcher, Laboratory of Physical Geography and Biogeography

Evgeny Grigoryevich Suvorov, Cand. Sci. (Geogr.), Researcher, Laboratory of Physical Geography and Biogeography

Maria Viktorovna Tsygankova, Cand. Sci. (Geogr.), Researcher, Laboratory of Physical Geography and Biogeography

Aleksei Ivanovich Shekhovtsov, Cand. Sci. (Geogr.), Head of the Laboratory of Physical Geography and Biogeography

Main Directions of the Conference:

- Landscape hydrology. Geographical foundations of hydroclimatic research. Water resources management
- Assessment of the environmental status and protection: methods and results. Ecological substantiation and accompaniment of the economic activities
- Methods, tools and practical implementation of the landscape and territorial planning schemes. Ecologically oriented land use

Topics of the proposed round tables:

- The possibilities of using the methods of landscape planning in practical urban construction, strategic assessments of the siting of industrial enterprises, and in the elaboration of territorial schemes of development and ecological zoning of territories
- Use of methods of environmental impact assessment in solving environmental monitoring problems
- Ecological accompaniment of the projection and operation of oil and gas fields as well as of other enterprises of the oil and gas sector
- Influence of projects of the oil and gas condensate complex on socio-economic development of eastern regions
- Geographical approaches to the solution of ecological problems in zones of potential influences of the facilities of the oil and gas industry

Venue: Irkutsk, V.B. Sochava Institute of Geography SB RAS

Conference Languages: Russian and English

Forms of Participation:

- full-time participation (oral presentation or poster presentation and publication of contributions)
- correspondence participation (publication of contributions only)

Check Dates:

March 1, 2019 - deadline for applications

May 1, 2019 - deadline for submission of contributions (abstracts)

Aug. 31, 2019 - deadline for registration fee payment and hotel reservation

Registration Fee:

Foreign participants - \$ 80

Russian participants - 2500 RUB

Postgraduates and students - 700 RUB

Correspondence participation (publication of contributions) - 700 RUB

Organizing Committee contact information:

Mailing address: 664033, Russia, Irkutsk, Ulan-Batorskaya St., 1, V.B. Sochava Institute of Geography
